My dear Jean

I am at all happy, not
because I am teased but
I'm very home sick.
Keep the puppy till I
come back. I hope Tom-
my is all right. Mother
said that Smuts hairs

even followed her to
London. In the dorm-
itory we call the head
of it. Golly (I don't know
his wight name) Brauman
White is an owl he is
in the same dorm as
us.

With love from Tom.
